Summer, 2004

Dear Friends of the Ascended Masters,

Thank you for expressing an interest in the Holy Orders of The Summit Lighthouse and Church Universal and Triumphant. Your participation is key to the success of this exciting, far-reaching opportunity.

The intent of the Holy Orders is to bring members together through specific paths of service in order to mutually reinforce one another and reach out to outer communities. The Orders are organized on an international level, designed to form strategic alliances with like-minded individuals, groups, and charities.

Becoming part of an Order gives you an extraordinary opportunity to support the cause of the Ascended Masters. As above, so below, these Orders are a reflection of their etheric counterparts located in the Masters' retreats. By uniting your heart with brothers and sisters of light on inner levels and with those on this physical plane, you form an antahkarana—a spiritual network of light—to hold the balance for your city, nation, our organization and the planet.

The Order of the Sons and Daughters of Mother India provides an avenue of service for those who feel an inner calling to fulfill their divine plan and balance their karma by breaking the bread of the teachings of the ascended masters with their brothers and sisters in India. This Holy Order strengthens the ties of charity among those who are devoted to the cause of Mother India. Enclosed is information for your review and study: Order of the Sons and Daughters of India Profile and Guidelines.

Let us join together in making the Holy Orders a chalice for love in action. Let us honor Mother by embracing and realizing her vision of this worldwide network of interactive communities. Let us bring into the here and now the spiritual antahkarana of Church Universal & Triumphant as a dynamic, vibrant, and “oh so powerful” means of healing ourselves and our world. We welcome your participation and creative input!

## THE HOLY PLEDGE/VOW

**Guru's Call:** "If ever there was a missionary calling to any of you who can perceive the threat to the entire balance of world power, it is in this hour! And the mission is not to the darkest Africa, but to darkest India. For it could be said that India is in her darkest hour in modern time. --- if perchance you, in commemoration of the path of the wise ones of the twentieth century, to make the journey to India where Christ might be born because you come-then I should be eternally grateful." (*Beloved Chananda, "India in Her Darkest Hour," June 7, 1981, POW Vol. 24, No. 23*)

**Chela's Pledge/Vow:** You have called me beloved Chananda and I have answered. I give you my life for the Cause of the Great White Brotherhood. I will hold nothing from you and I choose to make your Will my own from this day forward. Joyfully, I shall bear thy cross every day. So help me God!

## CITATIONS

(1) It is most important that you cooperate in your calls to Chananda, to me, to Kuthumi and Djwal Kul, to Serapis Bey, the Great Divine Director and Saint Germain for the coordination of the divine plan for all of India and America as one. Let us then superimpose India on the map of the United States. Let us realize the fusion of these hearts, East and West, as the mighty fusion of twin flames. (*Beloved El Morya, "The Circle of the One is Closed: By Three Dots We Conquer," June 29, 1980, POW Vol. 23, No. 26*)

(2) We send forth the thought form of the converging of the flames of East and West: now that the true spiritual path of the West has been set forth by Sanat Kumara, the Ancient of Days, by Saint Germain and El Morya; now that there is the outer branch of the Great White Brotherhood in this nation and a teaching that can be taught by you under the World teachers, we call for the converging of the paths of East and West." (*Beloved Chananda, Unpublished Dictation, December 29, 1979, The Harpstrings of Lemuria*)

(3) I call to your attention, beloved, that India and the United States share a destiny, and yet sharing of that destiny has not been seen in any major statement. And it is because before these peoples may come together to work their service for God on this planet, there must be exorcised from both continents fallen angels who disrupt and distort religion, politics, government and every aspect of life. This is a great burden to El Morya and to the Darjeeling Council as well to myself. *(Beloved Babaji on Behalf of the Unascended Masters, "It is Time to Put Full Attention upon the Physical Body," February 1, 2004, POW Vol. 47, No. 5)*

(4) I AM the Maha Chohan and I AM visiting the lightbearers of the earth. I represent the Great White Brotherhood, and I announce to all the world that the Great White Brotherhood is come again to fulfill that fiery destiny. *(Beloved Maha Chohan, "Dedication of the Ashram of the World Mother in New Delhi, India," July 13, 1980, POW Vol. 23, No. 28)*

(5) Therefore, placing the focal point of the Mother and her chelas in the West as one extreme of the figure eight, we desire to see the nucleus of light in India established so that there can be a perpetual flow over this figure eight, and over that flow the transmutation of planetary karma. Considering then that this forcefield is now one end of the figure eight, you can with your mind's eye place your finger at that extreme point at the figure eight: and now you can imagine that figure eight rotating over the entire surface of the Earth, so that wherever there is an ashram of light, a community teaching center, there becomes the extreme, the other point of the figure eight. The Lord Sanat Kumara has determined to place himself at that mighty nexus of the figure eight wherever it occurs. Thus, through the mighty heart of the Ancient of Days, the light that translates between you shall fulfill both aspects of the law – that of accelerating light in the earth by his mighty heart and that of bearing the cross of planetary karma." *(Beloved Chananda, Unpublished Dictation, December 29, 1979, The Harpstrings of Lemuria)*

(6) When earlier in this century I contacted Mark to be my amanuensis, I looked forward to the hour when all that he would accomplish would be transferred to our land by the blessed Mother. Thus, this hour is come. *(Beloved El Morya, "The Circle of the One is Closed: By Three Dots We Conquer," June 29, 1980, POW Vol. 23, No. 26)*

(7) The calls that you have, which are the judgment calls and the calls to [cast out] the dweller as well as labors that you can set yourselves to for the binding of these false hierarchs, will accomplish much for the enlightenment of the entire world. *(Beloved Babaji on Behalf of the Unascended Masters, "It is Time to Put Full Attention upon the Physical Body," February 1, 2004, POW Vol. 47, No. 5)*

(8) We stand with you to challenge the false hierarchy of the Himalayan Brotherhood. We come to invoke the sacred passion of the Lord. We send our messenger for the pronouncement of the judgment upon all who have held back thy mighty light. O Himalayan Brotherhood, O Souls of light, we send forth the edict for the binding of the false gurus who have gone forth into embodiment into the land of Afra. *(Beloved Lord Maitreya, Unpublished Dictation, December 29, 1979, The Harpstrings of Lemuria)*

(9) Blessed Kuan Yin has comforted me in my hour of crucifixion for my nation as the comfort of the Divine Mother. And she has said to me, representing the Karmic Board: "My son Chananda, though it be the karma of India to be bowed down by her rejection of the saints and prophets and avatars and kings of Light of the past, may we not together in prayer summon the Lord's mercy that there might be intercession between this people and the descending karma that is due upon their leaders – chiefly the Nephilim themselves – though it is yet the burden of the people and their own karma for having allowed these leaders to remain, for having voted them in office and tolerated their infamy.? Thus together we have prayed to the problem of India. *(Beloved Chananda, "India in Her Darkest Hour," June 7, 1981, POW Vol. 24, No. 23)*

(10) To this end, Saint Germain has given to you the teaching on The Creation of the Cloud. It is a teaching that has been all too neglected – to the hurt of the individual chela and sometimes, alas, to the organization itself. It was given many a year ago because its use is an absolute necessity in your life. The creation of this cloud is like the magician's trick – ever available up the sleeve of the chela, ready to be drawn forth when all the world arrays itself against the truth for which you stand. *(Beloved Chananda, "India in Her Darkest Hour," June 7, 1981, POW Vol. 24, No. 23)*

(11) It is you who bring the light to India. It is you who make the connecting point to the inner retreats of the Great White Brotherhood. It is most important that you cooperate in your calls to Chananda, to me, to Kuthumi and Dwal Kul, to Serapis Bey, the Great Divine Director and Saint Germain for the coordination of the divine plan for all of India and America as one. Let us then superimpose India on the map of the United States. *(Beloved El Morya, "The Circle of the One is Closed: By Three Dots We Conquer," June 29, 1980, POW Vol. 23, No. 26)*

(12) Our eye is upon India and the transfer of the resurrection light a decade hence into the very heart of the land of the mahatmas. Blessed ones, this occasion of our coming with the band of devotees is for reinforcement and an eleventh-hour distribution of the light. *(Beloved El Morya, "The Circle of the One is Closed: By Three Dots We Conquer," June 29, 1980, POW Vol. 23, No. 26)*

(13) I also tell you, though there be adepts who keep the flame in the octaves of Matter, there are also in India today less devotees than ever before. Many have been swept away by modernization and civilization. Therefore India is a dry and parched land spiritually, and at some levels, and requires the great infusion of Saint Germain's light. *(Beloved El Morya, "The Circle of the One is Closed: By Three Dots We Conquer," June 29, 1980, POW Vol. 23, No. 26)*

(14) We look for devotees out of the West to infuse India with the practical spiritual religion. We look for the Mother to translate the teaching of Hinduism and Buddhism and to extricate these teachings from the overlay of the fallen ones that has allowed the people to become passive and to procrastinate the balancing of their karma to the next life and the next and the next. *(Beloved Chananda, Unpublished Dictation, December 28, 1975, The Challenges of Initiation)*

(15) Think of the people and masses of people who require your ministry, and your love and your Christ presence, your individual attention. Think of the tutoring and the teaching and laboring with these souls. Think, think, O precious hearts. Think a bit beyond yourselves and beyond your concerns. Think of the millions who await the coming of your light, who are in bondage, in squalor, in filth, in poverty, who live and die in the streets. Think of these and think of the exploiters, think of the division and see the selfishness of those whose lust is for power and for money. *(Beloved Chananda, Unpublished Dictation, December 28, 1975, The Challenges of Initiation)*

(16) Blessed Kuan Yin has comforted me in my hour of crucifixion for my nation as the comfort of the Divine Mother. Thus together we have prayed for the solution to the problems of India. Now we make fervent call to Maximus for the multiplication of the flame of Kuan Yin-for the multiplication of devotees. If there is one or three or ten, can there not be one hundred, a thousand, and ten thousand? It is the principle of the squaring of the circle. *(Beloved Chananda, "India in Her Darkest Hour," June 7, 1981, POW Vol. 24, No. 23)*

(17) Children of the Sun, I commend you unto the keeping of the Holy Spirit. So be keepers of the flame of that Spirit in the land of India. So God holds in store for all who will make this pilgrimage the opportunity to increase the light of the heart in all the world. Let the true meaning of the Holy Spirit and of Lord Shiva and of Christ's own comforting message of the coming comforter be taught in this nation. For truly, my beloved, truly the understanding and embodiment of the Trinity is what is needed here. *(Beloved Maha Chohan, "Dedication of the Ashram of the World Mother in New Delhi, India," July 13, 1980, POW Vol. 23, No. 28)*

(18) I appeal to the devotees of the West to assist us in transferring the flame of the practical application of the law of the Word to the immediate solutions to certain problems of India, which cannot be delayed. *(Beloved Chananda, "India in Her Darkest Hour," June 7, 1981, POW Vol. 24, No. 23)*

(19) Remember what I say this night, for in the keeping of my Word as well my flame you will conquer this subcontinent and move on to establish cities of the sun, nation by nation. Make haste, then, for Morya waits and Chananda calls. The hearts of millions are in terror and we would deliver to them the joy of love, the joy of God's will, the joy of overcoming through self-mastery and the grace of the Holy Spirit. (*Beloved Maha Chohan, "Dedication of the Ashram of the World Mother in New Delhi, India," July 13, 1980, POW Vol. 23, No. 28*)

(20) For we are ready and the Lord awaits the coming of his own. There is opportunity to study at the universities of India, to keep the flame of the Ashram of the World Mother, and to open a branch of Montessori International for her blessed children." (*Beloved Goddess of Liberty, "The Mutable Soul is Entrusted with the Immutable Spirit," March 23, 1980, POW Vol. 23, No. 12*)

(21) We look for the Mother to translate the teaching of Hinduism and Buddhism and to extricate these teachings from the overlay of the fallen ones that has allowed the people to become passive and to procrastinate the balancing of their karma to the next life and the next and the next. (*Beloved Chananda, Unpublished Dictation, December 28, 1975, The Challenges of Initiation*)
