We Felt We Were in the Arms of Mother India

From June 26th through the 27th, 2011, we experienced the sights, sounds, tastes and spiritual depth of America's twin-flame nation during the *Retreat of the Holy Order of the Sons and Daughters of Mother India* at the Inner Retreat near Gardiner, Montana.

Following yoga with Maricruz Zacharius, Sunday began with a service offered by Rev. Eleanor Rosenzweig and the first replay of a dictation by Chananda in King Arthur's Court.

Bhajans and sitar music carried us to the banks of the holy Ganges, as did the Indian

attire and delicious authentic food. Gathering in El Morya's Chapel, the attendees shared in presentations ranging from demographics of India to

the mission of Jesus on the subcontinent in past ages.

Rev. Jaspal Soni, Brother Stephen Drake and David Tonkin offered a vision for the development of ashrams

of the ascended masters in India and everyone participated in sharing exciting ideas for the future.

Some Interesting Facts about India

A few key points related to demographics are important to consider as we contemplate our next steps. We believe the overwhelming youth of the population (as indicated below) is especially important.

- As of 2011, India has a population of 1.21 billion people
- India will be more populated than China by 2025
- She will have more than 1.6 billion people by 2050
- More than 50% of the population is less than 25 years old
- 65% of the population is less than 35 years old
- 72% of the population is considered literate (compared to estimates of 96% in China and 99% in the US)

Children in New Delhi

The bottom line is that the population of India is young, dynamic, educated, and becoming upwardly

mobile, with growing families and often two working parents. Many traditional Hindu leaders lament the loss of spiritual values to materialistic goals.

Your Help May Be Needed in India!

Two or more people may want to consider joining Jaspal Soni and David Tonkin for the early days of setting up the ashram in New Delhi. David will be with Jaspal from October through roughly March, 2012. Lois and Stephen Drake will be there for three weeks in October/November. Our goal, however, is to always have a minimum of a total of four people at the ashram. So, we are looking for additional people to live at the ashram from roughly mid-November for as many weeks as you are able to stay.

The role of these people will be to join Jaspal and David in holding the balance through decrees and services. It will not be a period of significant outreach. However, some contacts will be made and there will be some field trips. For more information and to receive an application for volunteers, please email the India Planning Committee c/o Jaspal. His email is chananda55@aol.com.
